

4TH FLAP RECONSTRUCTION COURSE **ON CADAVER**

Alicante, 25th - 27th March 2021

Human Anatomy Department · School of Medicine
Universidad Miguel Hernández
(San Juan Campus). Alicante (SPAIN)

Alicante

25th - 27th March 2021

*Fresh Cadaver
Flap Dissection
Course*

RECONSTRUCTION COURSE ON **CADAVER**

Theoretical introduction to the basic concepts of microsurgery

Head and neck:

- Submental flap
- Supraclavicular flap
- Free Helix Flap
- Temporal fasciocutaneous flap

Upper limb and shoulder:

- Lateral arm flap
- Radial forearm flap

Lower limb and pelvis:

- PAP
- Lumbar perforator flap (LPF)
- Inferior gluteal artery perforator flap (IGAP)
- Superior gluteal artery perforator flap (SGAP)
- Thigh:
 - Anterolateral thigh flap (ALTF),
 - Medial thigh flap
 - Gracilis (ATMG)
- Osteocutaneous peroneal artery perforator flap
- Propeller flap based on peroneal and tibial perforators
- Medial plantar flap

Trunk:

- Internal mammary fascio-cutaneous flaps
- Scapulo-dorsal flaps:
 - Latissimus dorsi,
 - Thoracodorsal artery perforator flap (TDAP),
 - Scapular flap,
 - Parascapular flap
- Chimeric flaps
- Internal Iliac crest:
 - Groin flap
 - Superficial circumflex inguinal perforator flap (SCIP),
 - Iliac crest flap

Abdominal wall flaps:

- Deep inferior epigastric perforator flap (DIEP) and Taylor
- Superficial inferior epigastric artery flap (SIEA)
- Free lymphonode transfer

SCIENTIFIC PROGRAMME

Thursday 25th of March 2021

- 08.00 - 08.15 h Registration
- 08.15 - 08.30 h Introduction and how we are going to work
- 08.30 - 08.45 h Microsurgical dissection techniques

Surgical techniques “step by step”

TRUNK

- 08.45 - 09.00 h IMAP Flap. Indications, design and elevation of the flap
- 09.00 - 09.15 h Pectoralis Major Flap. Indications, design and elevation of the flap
- 09.15 - 09.45 h Latissimus Dorsi & Scapulo-dorsal Flaps
Indications, design and elevation of the flap.
- 09.45 - 10.15 h **Coffee Break**

Hands on cadaver dissection

- 11.00 - 13.30 h Dissection of Scapulo-dorsal Flap, Pectoralis Major Flap, IMAP Flap

13.30 - 14.30 h **Lunch Break**

Surgical techniques “step by step”

“GLUTEAL & LUMBAR AREAS”

- 14.30 - 14.45 h SGAP & IGAP Flaps. Indications, design and elevation of the flap
- 14.45 - 15.00 h Lumbar Perforator Flap. Indications, design and elevation of the flap
- 15.00 - 15.15 h PAP Flap. Indications, design and elevation of the flap.

Hands on cadaver dissection

- 15.00 - 18.00 h Dissection of SGAP & IGAP Flaps, Lumbar Perforator Flap

Friday 26th of March 2021

Surgical techniques “step by step”

UPPER LIMB

- 08:45 - 09:00 h Radial Forearm Flap. Indications, design and elevation of the flap
- 09:00 - 09:15 h Lateral Arm Flap. Indications, design and elevation of the flap
- 09:15 - 09:45 h Posterior Interosseous Flap. Indications, design and elevation of the flap

09:45 - 10:15 h **Coffee Break**

Hands on cadaver dissection

- 10.15 - 13.30 h Dissection of Radial Forearm Flap / Lateral Arm Flap / Posterior Interosseous Flap

13.30 - 14.30 h **Lunch Break**

Surgical techniques “step by step”

LOWER LIMB

- 14.30 - 15.00 h Gracilis Flap & PAP Flap. Indications, design and elevation of the flap
- 15:00 - 15:15 h Fibula Flap. Indications, design and elevation of the flap
- 15:15 - 15:30 h Anterolateral Thigh Flap. Indications, design and elevation of the flap

Hands on cadaver dissection

- 10.15 - 13.30 h Dissection of Radial Forearm Flap / Lateral Arm Flap / Posterior Interosseous Flap
- 15.30 - 18.30 h Dissection of Gracilis / PAP Flaps, Fibula Flap, Anterolateral Thigh Flap

21.00 h **Course dinner at “Nou Manolín” restaurant**

SCIENTIFIC PROGRAMME

Saturday 27th of March 2021

Surgical techniques “step by step”

“HEAD & NECK”

- 08.45 - 09.00 h Submental Flap. Indications, design and elevation of the flap
- 09.00 - 09.15 h Supraclavicular Flap. Indications, design and elevation of the flap
- 09.15 - 09.30 h Temporal fasciocutaneous flap. Indications, design and elevation of the flap

09.30 - 09.45 h **Coffee Break**

Hands on cadaver

- 09.45 - 13.30 h Dissection of Supraclavicular Flap, Submental Flap, Frontal Paramedian Flap

13.30 - 14.30 h **Lunch Break**

Surgical techniques “step by step”

ABDOMINAL FLAPS

- 14:30 - 15:00 h DIEP & SIEA Flaps. Indications, design and elevation of the flap
- 15:00 - 15:15 h Iliac Crest Flap. Indications, design and elevation of the flap
- 15:15 - 15:30 h SCIP Flap. Indications, design and elevation of the flap

Hands on cadaver dissection

- 15.30 - 18.30 h Dissection of DIEP & SIEA Flaps, SCIP Flap

Enjoy Alicante

Alicante, offers a charming combination of history and elegance. With year-round sun and sandy beaches, the lively capital of the Costa Blanca offers the visitor all the Mediterranean charm with all the possibilities of a city.

Course dinner

Restaurant Nou Manolín
Calle Villegas, 3 · 03001 Alicante

Reconstructive Microsurgery
European School
